I understand I'm responsible for the transportation of my child to and from school if I live out of district. I understand that final approval of *non-resident status* is subject to approval by the District School Board. Following approval of non-resident status, I understand that continuation of this status is contingent upon my child remaining a student in good standing. Enrollment may be granted for a period of one school year. All students accepted on non-resident status will be asked to submit the Intent to Continue form each year. Non-resident Student requests will be reviewed each school year, with no non-resident admission automatically carried over to subsequent school years.
