**New
Business:**

New Program Mrs. Blessing recommended that the Board approve a Northeastern Wayne Alternative School Program that will serve Northeastern students and families providing additional opportunities to earn credit in classes where, in the past, students have not been successful. In terms of medical or environmental factors, students could use this program for credit recovery. Suspension and expulsion students will be able to remain in a school setting and continue their coursework with a supervised instructor. Grant funds will be pursued to offset the cost of the program. The program, serving grades six through twelve, will be located at Central Office and begin January 1, 2014.
